

**CITY OF WESTMINSTER
MAYOR**

MARGIE L. RICE

OCCUPATION: Mayor, City of Westminster

It's been a privilege serving as your Mayor. As always, my efforts will be dedicated to the best interests of Westminster's citizens and local businesses. Every year I've served you, City budgets were balanced with no increased taxes or assessments.

My top priorities will always be our local police, fire and paramedics services. I strongly support our aggressive program in recent years to repair and improve streets citywide. Senior citizens services have steadily increased and are clearly the finest in the county. Also, we have obtained more affordable housing for both seniors and families.

After years of work, construction is beginning on a modern Westminster Community Center and a Coastline Community College branch. I want to make sure these excellent new projects are completed next year.

Here are my future goals for our community:

- Bring in a 24-hour emergency medical facility.

- Start planning a new police station for our present and future needs.

- Complete new medians along Westminster Boulevard and Bolsa Avenue.

- Continue all needed street and infrastructure improvements.

With your support, I will always strive to improve Westminster and protect our quality of life.

Call me anytime with your concerns and suggestions, 714/ 893-1732.
